

#970 - MCKENNIS

1003540319

**THE COUNCIL FOR TOBACCO RESEARCH-U.S.A., INC.**

February 14, 1974

Grant application No. 970

**PHARMACOLOGY**

To: The committee comprising Drs. Bing, Jacobson, and Sommers

Subject: Herbert McKennis, Jr., Ph.D., Medical College of Virginia, Richmond  
New application No. 970  
"Pharmacodynamics of Cotinine"

**History**

CTR grants to Dr. McKennis, under various titles, began back in 1956.

In October 1973 a renewal request "Biological Activity of Tobacco Smoke Components and Allied Substances" was denied. Terminal support to April 1, 1974 was provided to help ". . . in making orderly staff and program readjustments . . .".

The enclosed proposal has a new title and appears to attempt somewhat modified emphasis.

**Request**

Application No. 970 requests \$38,662 plus two additional years. The budget is wholly for salaries of Drs. E. R. and F. J. Bowman, previously compensated from CTR grants.

**Documents Submitted**

Attached is application dated 1/17/74.

**Comment**

Dr. Hockett may wish to comment, particularly since he has had recent discussions with Dr. McKennis.
